

Numax range piglets feed (Numax Start, Numax Wean and Numax Link) has over 5 years of existence in the European market, where it has been tested under various commercial conditions. The unique formulation of the Numax range piglets feed provide exceptional results.

**nuevo**  
ANIMAL NUTRITION

## GUT HEALTH

**Numax Link** contains ingredients that regulate gut micro flora, functional fibres and a powerful combination of organic acids with very strong antibacterial activity.

## MILK & SUGARS

Intermediate levels of lactose from high quality dairy products and simple sugars ensure pigs eat enough feed to grow while avoiding digestive upsets.

## EXTRUDED FULL-FAT SOYBEANS

With very low levels of antinutritional factors, full of highly digestible oil, and highly digestible protein, extruded soybeans are an excellent choice source of protein for piglets.

## ZERO ZINC

The **Numax range** piglets feed is designed to tackle the ZnO elimination and enable piglets handle post weaning metabolic disorders. Based on low protein levels but in parallel with a carefully balanced SID amino acid profile ensures high growth rates from the very early stages of a piglets' life. Carefully selected ingredients with high digestibility will guarantee early feed intakes thus proper gut maturation and a healthier digestive truck.

## COMPLETE IN ALL

**Numax Link** is a complete feed. It contains all required nutrients for pigs from 12-20Kg. In addition to balanced levels of energy and protein, it contains the full complement of vitamins, minerals, and amino acids.

## KEY NUTRIENTS

Net energy	10.6MJ/kg	SID lysine	1.2%
Protein	18%	Calcium	0.755%
Lipids	5.5%	Av. Phosphorus	0.365%
Fibre	3.5%	Sodium	0.2%

## GENERAL FEEDING INSTRUCTIONS

**Numax Link** is designed as a follow-up feed to **Numax Wean**. Start feeding **Numax Link** immediately after finishing with **Numax Wean** and until pigs reach 20Kg body weight.
